

Diva

Lustrous, Smooth Finish

Average Hide Size: 50 - 55 s.f.

Average Thickness: 1.1 mm

Average Weight: 3.0 oz

This lustrous, aniline-dyed leather reflects the phenomenal success of 'Issimo, our most popular introduction to date. Diva boasts the same luxurious smoothness and brilliance that are so desirable in the 'Issimo collection, yet is available in a lighter, more pastel and neutral palette, ranging from white to orange. A protective topcoat makes Diva one of the best protected leathers in the Cortina line. This stunning addition to our collection of high-end Italian leathers is well-priced, versatile and a true star.
