

## Giulia

Polished Antique

**Average Hide Size:** 55 s.f.

**Average Thickness:** 1.2 mm

**Average Weight:** 3.0 oz

Giulia is not just another antique leather---it is a full-grain aniline with a smooth, high-sheen multi-hued antique finish. Produced from a combination of chromium and vegetable tannage, Giulia captures the look, feel and character of genuine antique leather, yet has all the benefits of cutting-edge technology. Subtle levels of varied colors are applied by hand and finished with a breathable protective polish, making Giulia the perfect leather for formal and more traditional settings, such as banks, law firms and cigar bars. The heavier, thicker characteristics of the leather make Giulia ideal for embossments.

7-11 Topaz
