

## Interwoven

### Woven Leather

Interwoven leathers represent the utmost in luxury: hand-loomed leathers from Venetian weavers famous for their high-end Italian accessories. Made from the finest fully aniline-dyed, full grain upholstery leathers, the weaves are available in a variety of colors and patterns, including all-leather weaves and the incorporation of jute or cotton thread, with a light jersey backing.

The interwovens are available in widths of 28" and 39" and are supplied on rolls, like fabric. A light jersey backing is optional. The interwoven leathers are suitable for upholstery, pillows and wall panels. 28" width is in stock.

Minimum orders for stocked interwovens is 1 linear foot, or 2.33 s.f.

Minimum order for 39" width is 25 s.f. Miniweave and Milano are not available in 39"W.

Custom colors and weaves are available as well. The minimum is 25 s.f.
