

Stonewash Penelope

Classic Naked Cowhide Embossed with Horizontal Damask Pattern

Average Hide Size: 50 s.f.

Average Thickness: 1.0 mm

Average Weight: 2.75 oz.

Penelope, a horizontal damask pattern, is available in the same 8 colors of Stonewash. Available in a whole-hide embossment with a large yield, the leather is placed on a smooth metal plate and embossed on the back, or flesh side, resulting in a shiny, smooth surface that is not noticeably embossed but rather subtly incised.

Stonewash Penelope is color-coordinated with Stonewash and Stonewash Gigli.
